

Foster Keencut

SABRE GENERAL PURPOSE CUTTER (GPC)

Designed to cut a wide range of sheet materials, the GPC offers a standard of straight, square and clean cutting. The GPC is designed for use on a bench or attached to the optional stand. The innovative hinge and lift arm mechanism makes it possible to cut materials, which are longer than the length of the cutter. It also accepts materials of varying thickness without affecting either the line of angle of cut. The extruded and silver anodized aluminum base incorporates a narrow groove to accept the blade tip when cutting.

A full length silicon rubber grip strip mounted in the surface of the base and two more on the underside of the cutter bar ensures all work is held perfectly in place while cutting and provides protection for even the most sensitive surfaces.

Sabre GPC Sizes	
Item#	Cut Size
60730	40"
60731	60"
60732	80"
60733	100"
60734	120"

Cuts up to 13mm
 PVC Foamboard, Pop-up Banners, Foam Centered Board, Corrugated Plastics, Fabric & Textiles, Acrylic, Banner, and much more...

Stands and stand packs available for all Sabre sizes

Textile Cutting Tool:
 When cutting fabrics or other thin materials; the cutter bar can be repositioned over a special textile cutting surface to prevent fraying. The attachable textile cutting wheel is an optional accessory for the GPC.

Model #	Item	List Price
69140	Fabric Cutting Wheel	\$60
69141	Cutting Wheels (10)	\$55

- Rear loading blade holder for swift replacement; blades will not pull out in heavy material
- Ultra-fine blade depth adjustment
- High-grade polymer bearing system for lasting accuracy
- Accuracy to within .03" over the full length of the cut
- 5 year general warranty on all parts (except blades)
- 20 year warranty on the bearings
- 100% made in England
