

World Beating Features of the Ultimat Gold

The optional 24" support arms enable easy handling and accurate cutting of the largest sheets by preventing sag.

Unique patented micro stop adjusters fitted to the 'start of cut,' 'end of cut' and 'margin guide' stops allow you to dial out overcuts or undercuts in seconds.

The advanced bevel blade holder features a fast blade ejector combined with the front set depth stop. Loading the blade from the back to the front stop ensures no resetting of the depth and it can never pull out in heavy mat board.

The optional rigid T-bar mat guides extendable up to 30" giving accurate all-around location for cutting

Unique lift and hold system raises or lowers the cutter bar and frees both hands

The optional instant clip-on clip-off right squaring arm with repetition stop is provided to accurately size all matboards from 90cs (36") down to 4cm (1.4").

Artist Plus Cutting Head

Artist Plus Mat Cutter

Fully functioning professional mat cutter that is built to deliver impressive performance and high level functionality at a truly affordable price. Loaded with practical features that will outshine, out perform and outlast any other in its class.

- Extra-wide 13" silver anodized aluminum base board.
- Space age bearings and slideway feature silent-glide action.
- Unique sliding gauge pin points blade entry and exit spot for exact free hand cutting.
- Adjustable production stops eliminate "marking-out" and let you avoid overcuts or undercuts.
- Precision cutting head featuring both bevel & vertical cutters.

Ultimat Gold Mat Cutter

Tough, precise, built to last and exceptionally comfortable to use. The Ultimat Gold accepts a range of instant fit options to make it the most versatile and easy to use manually operated mat cutter. Precision cutting head has a sculpted shape for comfort and features ball and thrust bearings for superb precision. The bevel head has an ejector for quick blade changing and the vertical head can be locked in position to allow easy cutting of the thickest boards.

- Unique sliding gauge pin-points blade entry and exit spot for exact free hand cutting.
- Unique patented micro stop adjusters fitted to the "Start of Cut", "Finish of Cut" and "Margin Guide" stops allow you to dial out overcuts or undercuts.
